«North-Ossetia State Medical
Academy» of the Ministry of Healthcare of the Russian Federation**

Department of Biological chemistry

METHODOLOGICAL MATERIALS

by discipline **CLINICAL BIOCHEMISTRY**

the main professional educational program of higher education - specialty program in the specialty 31.05.01 General Medicine, approved on March 30, 2022

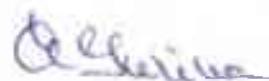

\

Vladikavkaz 2022

Methodological materials are intended for teaching the work of 6th year students
(12 semester) Faculty of Medicine FGBOU VO SOGMA of the Ministry of Health of Russia
in the discipline Clinical Biochemistry

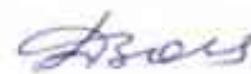

Compiled by:

Head department, associate professor, Ph.D.

Gurina A.E.

Associate Professor, Ph.D.

Dzotsieva L.Kh.

Reviewers:

Dzhioev I.G. Head Department of Pathological Physiology,
FGBOU VO SOGMA of the Ministry of Health of Russia

MD, professor

Datieve F.S. Director of the Institute of Biomedical Research of the Vladikavkaz
Scientific Center of the Russian Academy of Sciences, MD

LIST OF METHODOLOGICAL MATERIALS:

(with the application of all methodological materials of the department for the discipline)

1. FEATURES OF BIOCHEMICAL AND PATHOLOGICAL PROCESSES

IN THE LIVER (Textbook for students of medical and pediatric faculties)

2. BIOCHEMISTRY AND PATHOBIOCHEMISTRY OF THE KIDNEYS, URINARY SYNDROMES.

(Educational and methodological recommendations for practical exercises for students 5 and 6 courses of medical and pediatric faculties)

3. CLINICAL AND DIAGNOSTIC SIGNIFICANCE OF DETERMINING PROTEIN BLOOD FRACTIONS. ELECTROPHORESIS. PROTEIN ANALYSIS.

(Educational and methodological recommendations for practical exercises for students 5 and 6 courses of medical and pediatric faculties)

4. DISORDERS OF CARBOHYDRATE METABOLISM. DIABETES.

METABOLIC COMPLICATIONS IN DIABETES MELLITUS.

(Educational and methodological recommendations for practical exercises for 5th and 6th year students of medical and pediatric faculties)

5. DISORDERS OF LIPID METABOLISM. HYPERLIPOPROTEINEMIA,

DYSLIPIDEMIA. (Educational and methodological recommendations for practical classes for students of 5 and 6 courses of medical and pediatric faculties)

6. SYSTEM OF HEMOSTASIS. COAGULOLOGICAL SYNDROMES

(Educational and methodological recommendations for practical exercises for 5th and 6th year students of medical and pediatric faculties)
