30' march 2022

WORKING PROGRAM OF INDUSTRIAL PRACTICE
PRACTICE IN OBTAINING PROFESSIONAL SKILLS AND PROFESSIONAL
EXPERIENCE
(ASSISTANT DOCTOR OF THE OUTPATIENT DEPARTMENT)

the main professional educational program of higher education - specialty program
in the specialty 31.05.01 General Medicine, partially implemented in English,
approved in March 30, 2022

Specialty 31.05.01 General Medicine

Form of education

Full-time

The period of development MPEP HE

6

Department of Internal Medicine № 3

Vladikavkaz, 2022

When developing the practice program, the basis is based on:

1. Federal State Educational Standard for the specialty 31.05.01 General Medicine, approved by the Ministry of Education and Science of the Russian Federation "9" February 2016, No. 95.
2. The curriculum of the MPEP III in the specialty 31.05.01 General Medicine
JIИ-16-04-18ИИ
JIИ-16-05-19ИИ
JIИ-16-06-20ИИ, approved by the Academic Council of the Federal State Budgetary Educational Institution of Higher Education North Ossetian State Medical Academy of the Ministry of Health of the Russian Federation "30" March 2022, Protocol No. 6.
3. The working program of the practice was approved at the meeting of the Department on March 18, 2020, minutes No. 8.
4. The working program of the practice was approved at the meeting of the Central Coordinating Educational and Methodological Council of March 22, 2022, Minutes No.4.
5. The working program of the practice was approved by the Academic Council of Federal State Budgetary Educational Institution of Higher Education North Ossetian State Medical Academy of the Ministry of Health of the Russian Federation on "30" March 2022, Protocol No. 6.

Developers:

Head of the Department of Internal Diseases №. 3, Doctor of Medical Sciences D. V. Bestaev

Associate Professor of the Department of Internal Diseases №. 3 S. A. Ktsoeva

Associate Professor of the Department of Internal Diseases №. 3 Z. S. Brtsieva

Associate Professor of the Department of Internal Diseases №. 3 L. M. Khutieva

Assistant of the Department of Internal Diseases №. 3 N. N. Burduli

Reviewers:

Head of the Department of Internal Diseases №. 4,
Doctor of Medical Sciences, Professor Z. T. Astakhova

Head physician

State Budgetary Healthcare Institution "Polyclinic No. 1",
Candidate of Medical Sciences K.A. Magaev

Content of the practice program

1. indication of the type of practice, method and form (s) of its implementation;
2. the list of the planned results of training during the internship, correlated with the planned results of the development of the educational program;
3. indication of the place of practice in the structure of the educational program;
4. indication of the amount of practice in credits and its duration in weeks or in academic or astronomical hours;
5. content of the practice;
6. indication of practice reporting forms;
7. the fund of evaluation funds for conducting intermediate certification of students in practice;
8. list of educational literature and Internet resources required for practical training;
9. list of information technologies used in the practice, including a list of software and information reference systems (if necessary);
10. description of the material and technical base necessary for the practice.

1. Indication of the type of practice, method and form (s) of its implementation

The practice is conducted in accordance with clause 6.7. of the Federal State Educational Standard of Higher Education in the specialty 31.05.01 General Medicine Type of practice-industrial practice-assistant to a doctor-outpatient clinic
The method of conducting-stationary and mobile
The form of the event is continuous

2. The list of the planned results of training during the internship, correlated with the planned results of the development of the educational program
