ABOUT RUSSIA

Russia or the Russian Federation, is a country spanning Eastern Europe and Northern Asia. It is the largest country in the world by area, covering over 17 million square kilometres (6.6×10⁶ sq mi), and encompassing more than one-eighth of Earth's inhabited land area.

It is ranked 52nd in the Human Development Index, with a universal healthcare system, and a free university education. Russia's research and development budget is the world's ninth-highest.

Russian is the official and the predominantly spoken language in Russia. Russia is a secular state by

constitution, and its largest religion is Christianity.

Admission to an institute of higher education is selective and highly competitive: first-degree courses usually take five years. The oldest and largest universities in Russia are Moscow State University and Saint Petersburg State University. There are also ten highly prestigious federal universities across the country. According to a UNESCO report in 2014, Russia is the world's sixth-leading destination for international students.

Capital- Moscow, is the capital and largest city of Russia. Moscow is among the world's largest cities.

Population- 14.44 crores (2019)
Currency- Russian ruble (RUB)
Language- Russian

ABOUT Vladikavkaz

Formerly known as Ordzhonikidze (*Орджоникидзе*) and Dzauzhikau (*Дзәуджикау*), is the capital city of the Republic of North Ossetia–Alania, Russia. It is located in the southeast of the republic at the foothills of the Caucasus Mountains, situated on the Terek River.

Transportation: The city is served by the bus network (marshrutkas). There are also tram (since 1904) and trolleybus (since 1977) networks, plus the main Vladikavkaz railway station.

The city is served by Beslan Airport located about 9 kilometres from the city.

The Georgian Military Road, which is a part of European route E17, starts in Vladikavkaz and it connects the city with the South Caucasus.

Climate: Vladikavkaz experiences a humid continental climate (Köppen climate classification Dfb) with warm, wet summers and cold, drier winters (though very mild for Russia).

CAMPUS BUZZ

COURSE & SYLLABUS

GENERAL MEDICINE (MD)

1st Year

- History (history of Russia, general history)
- Foreign language (Russian)
- The Latin language
- Psychology and pedagogy
- Physics, mathematics
- Health Informatics
- Biology
- Anatomy
- The Russian language as foreign
- Elective course in Physical culture and sport

2nd Year

- Medical history
- Biochemistry
- Anatomy
- Histology, Embryology, Cytology
- Normal physiology Physiological mechanisms of a nervous regulation of functions.
- Life Safety
- Digital technologies in medicine
- The Russian language as foreign
- Physical monitoring of the patient
- Elective course in Physical culture and sport

3rd Year

- Microbiology, virology, immunology
- Pharmacology
- Pathologic Anatomy, Clinical Pathologic Anatomy
- Pathologic Physiology, Clinical Pathologic Physiology
- Hygiene
- Propedeutics of internal diseases
- General Surgery, radiodiagnostics
- The Russian language as foreign
- Elective course in Physical culture and sport

4th Year

- Topographic Anatomy & Operative surgery
- Pathologic Anatomy, Clinical Pathologic Anatomy
- Public health and health care
- Medical rehabilitation
- Neurology & Neurosurgery
- Urology
- Obstetrics and gynecology
- Therapy
- Occupational diseases
- Elective course in Physical culture and sport

5th Year

- Psychiatry
- Obstetrics and gynecology
- Pediatrics
- Therapy
- Endocrinology
- Infectious Diseases
- Outpatient Therapy
- Surgery
- Dentistry
- Clinical Path physiology

6th Year

- Epidemiology
- Clinical pharmacology
- Forensic Medicine
- Hospital therapy
- Phthisiology
- Outpatient therapy
- Hospital surgery *
- Traumatology, orthopedics
- Functional diagnostics
