

INVITATION PACKAGE

SERBIA EXCHANGE

WINTER/SUMMER

BELGRADE 2018

Welcome letter

Dear students,

it is our great pleasure to welcome you to one of the biggest cities of Southeastern Europe and our capital Belgrade, where you will learn and grow individually and as a team through the variety of experience we will offer you.

We are looking for young and motivated people to introduce them with knowledge, adventure, excitement and to challenge their mind and body during a one of a kind experience in our country.

You will become a part of our community for two weeks or one month and we guarantee that we will make you feel just like home with our traditional Serbian hospitality and our excellent tutors and hospitals.

We will be honoured to host you and we promise you will never be the same after your exchange.

Kind regards,

dr Filip Babić

President of Biomedical Organisation of Serbian Students

dr Aleksandar Ljuboja

Serbian Medical Students' Association Coordinator

Welcome to Serbia

Serbia is largely mountainous sovereign country situated at the crossroads between Central and Southeast Europe. Its northeast section is part of the rich, fertile Danubian Plain drained by the Danube, Tisa, Sava, and Morava river systems. It borders Croatia on the northwest, Hungary on the north, Romania on the northeast, Bulgaria on the east, Macedonia on the south, and Albania, Montenegro, and Bosnia and Herzegovina on the west. The capital of Serbia, Belgrade, is one of the largest cities in Southeast Europe.

About Belgrade

The city is located at the mouth of the Sava and the Danube rivers, where the Panonian Plain meets the Balkans. Complete with all the suburbs Belgrade hosts a population of around 2 million. The rivers gave rise to the Belgrade port, making spectacular views and the people were in charge of converting riverboats into night clubs, bars and restaurants, islands and beaches and making it a one of a kind crazy, hectic and fun place.

Welcome to Serbia

According to Tourist Organisation of Serbia, Belgrade hosted around million tourists last year. The city is dynamic. People are outgoing and they love to get together in the parks, bars and clubs. There's always something going on. If you know what you want and if you are well-informed, you definitely won't get bored in Belgrade.

Belgrade hosts around 100 diverse festivals and the most of them are international in character. The majority of the festivals offer quality program, useful information and make for cool parties and additional events.

Belgrade is famous for its exciting nightlife. From the most famous house and techno at the Tube in Dorćol and commercial touch of Plastic to underground places as Drugstore in Palilula and all manner of boathouses and rafts on the coast of the river Sava, Belgrade is home to so many clubs, and it never sleeps.

You will be directed to all of the amazing places you can visit.

Biomedical Organisation of Serbian Students

Biomedical Organisation of Serbian Students (BOSS) is a new organization founded on the initiative from the most experienced and prolific students from medicine, dentistry, pharmacy and veterinary medicine to provide a multi-disciplinary approach for various projects and activities.

Founded by the members of various strictly medical, dentistry and veterinary organisations with five years of exchange experience, BOSS aims to have a greater vision and bigger impact, thus providing professional exchange programme to biomedical students with an exquisite opportunity to improve their knowledge, meet new friends, have a great time and take home unforgettable memories from Serbia.

BOSS

BIOMEDICAL ORGANISATION
OF SERBIAN STUDENTS

Serbian Medical Students' Association

Serbian Medical Students' Association (SrMSA) was founded in 2007. at University of Belgrade School of Medicine. Initially it involved medical students in different activities in fields of public health, medical education and international medical students cooperation. Currently SrMSA is active in Nis, Belgrade and Kosovska Mitrovica.

SrMSA started in 2007 Medical students exchange successfully started in 2007. and we established quality connection with medical students from Russian federation, Bosnia and Herzegovina, Macedonia and Bulgaria.

Many young doctors joined SrMSA and we started young doctors exchange in 2013. As hosts to exchange students we tend to provide quality professional program and chance to see and practice specific skills.

Our exchange program has great positive feedback and each year we have more incoming and outgoing students and young doctors. Cooperation is established between SrMSA and BOSS with the support of University of Belgrade Medical faculty Dean, Academitian Prof. Dr Nebojsa Lalic which enabled one of the best exchange programs on Europe, and you are welcome!

About Exchange

The professional exchange program is a full educational program offering clerkships to medical students and young doctors abroad. Through different organisations and actions we have established huge variety of knowledge and experience making this professional exchange one of a kind. Annually, more than 13.000 students and young doctors from 90 countries travel around the world to discover new health systems, new cultures and to enhance their global health and intercultural understanding.

The aim of BOSS and SrMSA Exchange is to promote cultural understanding and co-operation amongst medical students and all health professionals, through the facilitation of international student exchanges. BOSS aims to give all students the opportunity to learn about global health, and attains this partly by having its exchanges appreciated by medical professionals across our country.

Antoan Stefan Šojat, BOSS Exchange Officer
dr Djordje Indjić, SrMSA Exchange Officer

About Exchange

Objectives

1. To expand and widen the horizon of medical students and young doctors from different cultures by providing them a unique experience abroad;
2. To enrich the knowlegde of medical students and young doctors trough extracurricular activities, such as a shadowing practice in a different healthcare systems;
3. To promote and raise awareness about the newest global health issues and health trends;
4. To connect future healthcare professionals by increasing their mobility and to build intercultural bridges among different educational systems and enhance students interest in different medical aspects and broader their knowledge;
5. To provide a platform for international learning which propels students and young doctors towards acceptance and understanding of an array of different medical fields;
6. To test students and young doctors analytical and problem solving skills in various medical departments, according to their preferences;
7. To encourage students and young doctors to develop independent opinions, make informed decisions and strive to attain fresh goals in their future career;

We take pride in offering you the highest medical exchange standards , we are committed to forming personal relationships with every visiting student and and young doctor,we have a vast knowledge in different aspects of medical exchange and we expect the same out of every incoming.

Also, we expect you to respect the tutors and the boarding and lodging locations and the same amount of respect will be shown to you. Together we can make this exchanges the best it can be!

About the Hospital

The Clinical Center of Serbia represents a complex organization consisting of structural parts that provide highly specialized health care to population from Belgrade, Serbia and the entire region. The center's educational activity includes regular and postgraduate education, advanced training and research in many areas.

With more than 7000 employees (1200 medical specialists and teaching staff) Clinical Center of Serbia (CCS) is largest healthcare provider in Serbia and one of the biggest in Europe, with more than one million patients annually. Every year in the CCS more than 50 000 various surgical procedures are being performed.

The whole CCS in the center of Belgrade and is consisted from more than 50 separated buildings (surface area: 280 000 m²).

About Accommodation

We take pride in the accomodation that we present to you because it is located near the center of our big city and because you all will be placed together in clean, safe and spacy rooms.

All of the incoming students will be accommodated in a newly renovated student dorm, one of the best ones our city can offer the staff is frendly and proffesional, always there for you to help.

The rooms are 4 bed, and every room has a personal bathroom. Towells are not provided so make sure you bring your own. In the dorm there is a laundry service where you can wash all of your things every day.

About Accommodation

In every room there is a safe, but you can use the central safe on the reception that is free and that is best for your personal belongings.

In the dorm there is a relaxation area with darts and 8 ball pool, and in the campus you will have the opportunity to use a newly renovated gym and a swimming pool. There are also outside sports fields for basketball and football as well as computer halls, party rooms and an art gallery so you will always have something new to do.

About Social Programme

Our team is dedicated to bring you a wonderful experience in our capital city and Serbia. Belgrade is widely known as one of the best places in the world for nightlife, but also offers a variety of fun, cultural and educational activities to make your experience exquisite for every taste.
